  Italic type – spoken by NECOS
  Regular type – advisory information for NECOS

Opening:
CQ Public Service Communications Net Operators.
This is [call sign], net control station for the Public Service Communications Training Net.
This is a directed net.
The purpose of this net is to
- *provide training in emergency operation,*
- *develop Metro emergency communications, and*
- *provide fellowship for regular participants.*

All stations are welcome to participate.
Please transmit only when requested to.   Stations with emergency traffic may break the net at any time using their callsign and the proword OVER.
This is a directed net. All stations use the proword OVER or proword OUT at the end of your transmission.
I am your net control station, [call sign]. My name is [your name] and I am located in [your city].
Stations for the net, please call [call sign] state; your call sign phonetically, first name, location, and precedence and destination of your traffic. (0VER)

Acknowledge stations checking in by listing their callsigns and ending the list with the proword *ROGER, (OUT)*.

  - or -

No Station heard. (OUT)

Acknowledge the stations checking in by listing the call signs and ending the list with the proword ROGER. DO NOT make conversation with individuals during the check-in.

Additional stations for the Public Service Training net please call [call sign] , state your callsign phonetically, first name, location. This is a directed net. All stations use the proword OVER or proword OUT at the end of your transmission. (OVER)

IF there is traffic, add;
The net is holding (state precedence – routine, welfare, priority, EMERGENCY) traffic for (list destination). Stations indicate traffic you can accept when checking in. (OVER)

IF the NECOS believes there might be stations that cannot copy his station, ask for relays by stating:
Are there any relays? OVER.

If there are relays acknowledge the new check-ins after calling the relaying station. If there are no relays, conclude the net call with "*No Stations heard, OUT*"

at   (time)   . This is [call sign] securing the Public Service Communications Training
net at [date and time].*

Helpful Tips

- **<u>Training is a major role for the NECOS.</u>** Make note of procedural errors while the net
  is in progress and take time to demonstrate correct procedure.
- Keep a list of ARES stations near your notepad when you are NECOS. It helps with
  names and cities.
- Remember this is a training net, try to lead by example and if you feel comfortable, offer
  corrections in a constructive manner.
- Have FUN!
